

COMPANY PROFILE

ABOUT US

WE LEAD, OTHERS FOLLOW

Established in 2016, Tswelopele Guttering has steadily grown into a well-established entity with a hands-on management team of highly motivated individuals who strive for excellent, world class results.

Since our inception into the industry, we have been serving homes of Gauteng and Limpopo provinces, and we aim to cover the whole of South Africa. We believe in high quality standards on workmanship, affordability, and most of all, ecstatic clients.

Setting the industry standard since 2016, our team of dedicated personnel has the expertise and experience to ensure that our customers receive the best products and services at the best possible rates. Within the eight years of our existence and experience, we have proven that we are here to succeed and grow further, and cater for all gutter requirements for home and business owners.

We co-relate with construction, residential, or commercial facilities. Our clients' peace of mind and joy is a core priority to us as an entity.

Tswelopele Guttering Pty Ltd follows a culture of safety, quality, and reliability. The driving force behind Tswelopele Guttering is a core of dedicated hands-on management professionals whose experience resides in years of supplying, installing, and maintenance of gutters, fascia, and badge boards.

Our activities cover both domestic and industrial buildings, and are divided into three main operating divisions;

- Gutter Supply
- Installation & Maintenance
- Professional Roof & Wall Painting

We are located in Kempton Park, in Gauteng, and ready to spread our wings all over South Africa.

WHY CHOOSE US

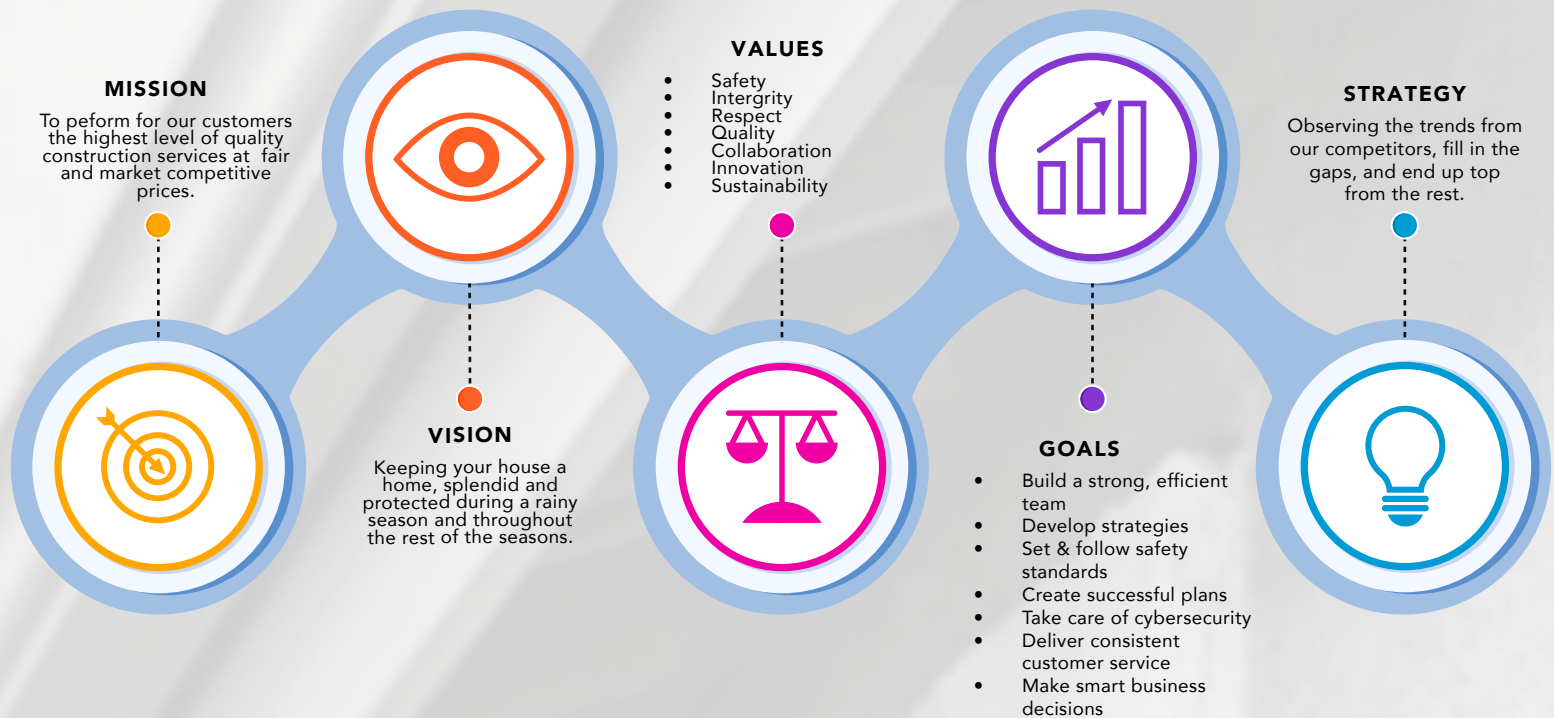

WE ARE THE OBVIOUS FIRST CHOICE IN GUTTERING

We are spear headed by our strong culture of professionalism and respect; regardless of the size of the project. All our clients are treated the same, and no project is too big or too small, more or less important than the other.

Our responsive approach to risk-taking outside of established construction standards, and capability to pursue opportunities and risk taking across South Africa, make us stand out of the crowd.
